LaCie d2 Hard Drive Extreme with Triple Interface

d2 HARD DRIVE EXTREME

Triple Interface For Universal Connectivity & The Fastest FireWire 800 Extreme Speed

NEXT-GENERATION SPEED

Equipped with the fastest-ever FireWire standard, the LaCie d2 Hard Drive Extreme with Triple Interface is capable of reaching transfer speeds of up to 64MB/s for FireWire 800 users, up to 42MB/s for FireWire 400 users, and up to 34MB/s for USB 2.0 users***. With three leading interfaces and 7200rpm rotational speed, it's the ideal, fast storage solution with universal connectivity.

UNMATCHED CONVENIENCE

With plug & play convenience, the LaCie d2 Hard Drive Extreme with Triple Interface is hot-pluggable for quick file transfers and easy data sharing. With the appropriate cable, this hard drive can be connected to any computer equipped with FireWire 800 (9-pin), FireWire 400 (6-pin), iLink (4-pin), USB 2.0 or USB 1.1 ports, making it the most universal drive ever.

ADVANCED, VERSATILE DESIGN

Made of a metal alloy that dissipates heat and prolongs drive performance, this d2 hard drive, designed by Neil Poulton, features a slender, sturdy body that can stand upright on your desk, be rack-mounted, or stacked to save space. Most capacities are fan-free, which allows for ultra-quiet operation. The 500GB drive has a quiet "smart fan" that automatically adjusts itself depending on temperature to protect itself and provide the quietest possible operation.

UNLIMITED USES

Ideal for a variety of applications, a 500GB LaCie d2 Hard Drive Extreme with Triple Interface can store 100,000 MP3 songs and more than 32 hours of digital video from DV camcorders. Chained and striped in a FireWire 800 RAID 0 configuration, it can reach unprecedented sustained transfer rates of up to 100MB/s, making it ideal for working with professional video in high-end workstation and small-server environments.

FireWire 800
FireWire 400
Hi-Speed USB 2.0

- Large capacities up to 500GB
- Up to 800Mbits/s per bus & up to 64MB/s transfer rate
- Ultra-quiet design with safe cooling technology
- Up to 50% faster than first generation FireWire 800 drives**

FEATURES
- FireWire 800, FireWire 400 & USB 2.0 interfaces
- Driver-free for Mac OS X / Windows 2000, Windows XP
- Fan-free design (160GB-320GB)
- Quiet "smart fan" for 500GB drive
- Kensington® lock compatible
- Stack, rack-mount or stand upright on your desk
- Slim, sturdy, heat-dissipating design

BOX CONTENT
- FireWire 800 to FireWire 800 (9-to-9 pin) cable
- FireWire 400 to FireWire 400 (6-to-6 pin) cable
- iLink/DV (6-to-4 pin) cable
- Hi-Speed USB 2.0 cable (USB 1.1 compatible)
- drive stand for upright desktop use
- external power supply
- LaCie Storage Utilities CD-ROM:
- Silverlining Utilities (Mac OS 9) for advanced drive management
- SilverKeeper (for Mac) software for automatic backup and file verification

MINIMUM SYSTEM REQUIREMENTS
- FireWire 800 equipped computer (9-pin): Mac OS 10.2 or greater / Windows 2000, Windows XP
- FireWire 400 equipped computer (6-pin) or iLink (4-pin): Mac OS 9.x, 10.x / Windows 2000, Windows XP
- Hi-Speed USB 2.0 equipped computer: Mac OS 10.2.x or greater / Windows 2000, Windows XP
- USB 1.1 equipped computer: Mac OS 9.x, 10.x / Windows 2000, Windows XP
- Intel Pentium II 350MHz-compatible processor or greater / Apple G3, G4, G5, Intel processor
  (G4 required for use with FireWire 800)
- minimum 64MB RAM

LaCie d2 Hard Drive Extreme with Triple Interface

capacity*	160GB	250GB	320GB	500GB
item number	301033	300790	301146	300793
interface	2 x FireWire 800 (9-pin) ports; 1 x FireWire 400 (6-pin) port (compatible with iLink, DV); 1 x Hi-Speed USB 2.0 (compatible with USB 1.1)			
maximum interface transfer rate	FW 800: up to 800Mbits/s (100MB/s); FW 400: up to 400Mbits/s (50MB/s); USB 2.0: up to 480Mbits/s (60MB/s)			
maximum data transfer rate	FW 800: up to 64MB/s; FW 400: up to 42MB/s; USB 2.0: up to 34MB/s			
rotational speed	7200rpm			
average seek time	<10ms			
cache	8MB minimum			
software configuration	driver-free for Windows XP, Windows 2000 and Mac OS X; Silverlining for Mac OS 9; SilverKeeper for easy backup with Mac OS 9 & Mac OS X			
weight	3.31 lbs / 1500 g			
dimensions (WxHxD)	1.7 x 6.3 x 6.8 in / 44 x 160 x 173 mm			
warranty	US: 1 year limited / Europe: 2 years limited			

*1GB (gigabyte) = 1,000,000,000 bytes. Total accessible capacity varies depending upon operating environment (typically 5-10% less).
**LaCie d2 Hard Drive Extreme maximum performance using FireWire 800 connection when tested and compared with LaCie first-generation FireWire 800 drives.
